ZINC GRAY
SR = 0.32 | SRI = 33

Engineered for optimized painted metal performance

- Energy efficiency
- Long service life
- Low maintenance

Features

- ENERGY STAR® certified paint systems
- 29 GA Galvalume® steel substrate
- 80 ksi yield strength steel
- Custom colors to same specifications
- Compatible with peel & stick solar panels

Backed by CSI® - Single-source paint & panel manufacturer

- Versa-Steel® 4029: 40-year warranty on paint film integrity, 30-year on chalk & fade
- Versa-Steel® 3029: 30-year warranty on paint film integrity, chalk & fade
- 20.5-year warranty on Galvalume® coating

Colors shown are approximate. Ask to see sample painted metal for final color selection, as needed.

Acrylic-coated Galvalume Plus® steel available for unpainted applications

SR = Initial Solar Reflectance
SRI = Solar Reflectance Index
Thermal Emittance (E) range = 0.85 - 0.87

*Ink swatch does not reproduce metallic finish.

Versa-Steel® is a registered trademark of Consolidated Systems, Inc.® CSI is certified under ISO 9001:2000 standards for coating coil, fabricating metal and transportation.

CCG.VS3029-4029 | v06.10

Versa-Steel® — CSI's Engineered Solution for painted metal systems. Exacting specifications... 50+ years of company expertise... showcased in painted metal systems on Dallas Cowboys Stadium, Minnesota Twins Target Field, and St. Louis Cardinals Busch Stadium. CCG customers can depend on Versa-Steel's consistent quality, color and performance.

CCG™, a unit of CSI®, uses Versa-Steel® exclusively for roofing, siding and substructural components. **We paint it. We roll it. We deliver it. We warrant it.**
